

HAULTAIN AT MORINVILLE

ON THE GRAND TRUNK PACIFIC AND PROVINCIAL AUTONOMY.

Wants the people of Northern Alberta to send a fighter to Ottawa and asks them to vote for Secord.

Steffes hall, Morinville, was filled last evening by a large audience. Mr. A. Rioguette occupied the chair.

Mr. Haultain spoke a few minutes in French and about an hour in English. Mr. Oliver then spoke an hour and Mr. Haultain closed the meeting.

Messrs. Secord and Lambert M.L.A.'s were on the platform.

Mr. Secord moved a vote of thanks to the chairman, seconded by Mr. Oliver.

The meeting broke up with enthusiastic and persistent cheering for Oliver, Laurier and the Railway.

ARE DRILLING FOR GAS

NORTH WEST GAS AND OIL CO.

Pushing operations with all possible despatch. Drilling to commence Nov. 1st.

Active work has commenced at the place southeast of the exhibition grounds near the river bank, which the North-West Gas and Oil Company have selected to commence their boring operations. A number of men are kept busily engaged getting everything in readiness to commence boring. A ninety foot derrick which is to handle the monster tools and casing of the gas well to be drilled are in evidence. A. W. Dingman is giving his personal attention to the work.

The boiler and engine house are completed, and the big derrick is finished, so far with the big pulley, over which the 234 manila cable, 1600 feet long, and weighing 2000 pounds, and carrying nearly a three ton weight of tools, runs.

The foundations for the superstructures are formed of British Columbia fir, and brought from the coast to special order, owing to their great size.

The buildings, foundations, and tools appear large and heavy, suitable for a full and thorough work, and to start a hole fifteen inches in diameter, and to continue it perhaps for some 2,500 or 3,000 feet down into the earth some 7 inches in diameter is no child's play.

Some idea of the size of the tools can be formed when we say that the largest auger stem is thirty-eight feet long, five inches in diameter, and weighs a little over 5,000 pounds.

The big bit or drill weighs 800 lbs., and requires its cutting face 300 lbs. of chilled steel. The drive or string of tools is over three tons.

The bits or drills and wrenches have to be handled with a crane and trolley when in use. The band wheel, which the twelve inch belt drives, is eleven feet in diameter, and weighs over 2,500 lbs., and 1,600 feet of lumber was used in its make-up. Big bull wheels 8 feet in diameter, and the band wheel 11 feet in diameter, are sixteen inches in diameter. The band reel cable is 3,000 feet long and is made from steel wires woven in 51-2 inches in diameter. The boiler and engine, 45 h.p., and 28 h.p., respectively, are specially made for this class of work.

These are a few items from the many details which will convey a some impression of the character of the plant being installed for this undertaking. Mr. Dingman has his experts here, the engineers, novices and those who are busy on the works. He expects if the fine weather continues, to be ready to start driving the big fifteen inch drive pipe about the first of November. This fifteen inch drive pipe weighs about 75 lbs. to the foot, and probably some five tons of this will be driven before starting with the 11.5-8 inch casing. There are over 4,000 feet of casing, three carloads, on hand, and the hole will be put in the ground before it is completed.

The work, as it progresses, is becoming very interesting, and is being visited daily by numbers.

The way the work is being done shows ample evidence that knowledge, skill and energy are behind it, and it is gratifying to know that the company which has undertaken the work is an organization composed almost wholly of the prominent business men of Edmonton and Strathcona. The officers of the company are:

Dr. Wilson, President.
A. J. McDougall, Vice-president.
A. S. Upton, Sec-treas.

A. W. Dingman, Managing Director.

N. D. Beck, A. C. Rutherford, M.L.A. and K. A. McLeod, Directors.

It goes without saying that if gas is found it will prove one of the great resources which it will be to make Edmonton what it is destined to be—the city of the Great North-West.

WHICH SHALL IT BE?

SINGLE OR DOUBLE BARREL PROTECTION, C. P. R. MONOPOLY OR G. T. P. COMPETITION?

Sir—

I wish to put a few questions to the farmers of this district.

While the members of the Manufacturers' Association, who claim they are so hard up, are travelling in private cars and special trains, and drinking champagne at big dinners, and asking for double-barrel protection, what are we farmers doing? Well, we are trudging behind our ploughs on foot, drinking cold water, and only asking for the right to live. Don't you see like rubbing it in to have the manufacturers, who are now evidently living on easy street, ask us to support a party who are willing to give them double the protection they have at the present time. That is, to make them millionaires at our expense.

The only free trip that any of these farmers in this district had was given to a few by the Government when they sent delegates to the Old Country last year to promote immigration. It will be a long day yet before we farmers can afford to hire special trains, etc., to look after our own special interests, and when we do, the Manufacturers would howl with laughter if we claimed that we were poor and needed more assistance to keep us alive and flourishing.

Surely no farmer who has his own true interests at heart will vote for double barrel protection and against Mr. Oliver, who has so ably championed our rights.

Settlers and farmers of Western Canada, it has been stated over and over again by men who ought to know, that there is room for five or six transcontinental railway lines across the great Canadian west. If this is so—and it is so!—why not accept the Grand Trunk Pacific as one of them. The contract is signed and \$5,000,000 deposited as guarantee of good faith, besides \$100,000 has

already been expended in surveys. Surely it is perfectly obvious that there is room for a government owned road besides, and that a government owned road alone will never answer the needs of this vast country. "A bird in the hand is worth two in the bush" any day, as some of the old timers of this district to their sorrow...

Any man voting against Frank Oliver in the present contest votes against a man who has spent his life advocating the rights of the settler, whenever and wherever he had the chance.

Votes to have the Grand Trunk Pacific Railway contract torn up, which means stagnation, and mortgage foreclosures for years to come.

Votes to have another \$35,000,000 dollars paid to the C. P. R. for the worst part of their road, north of Lake Superior.

Votes to lower the value of his farm or town property.

Votes for C. P. R. monopoly pure and simple.

Votes against the very man whom above all others the friends and advocates of high protection and railway monopoly would like to see defeated.

Votes to have the Edmonton district represented by an opposition member when the rest of the Dominion is surely going in favor of the Government.

It will be of the utmost importance to Edmonton and the district to have an able man at Ottawa during the next few years, a man that can talk and look after the district's interests.

Yours truly,
FARMER.

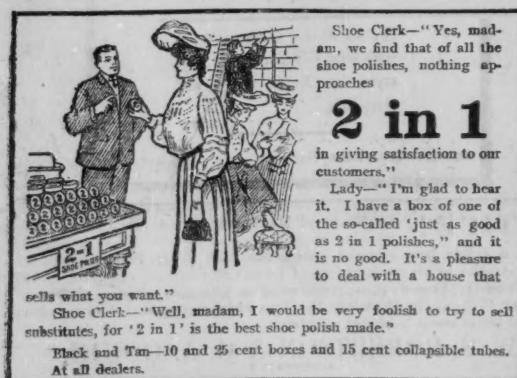

NAMAO

Threshing is the order off the day. Grain is yielding well.

Political meetings are the order of the evenings. Both sides of politics are well represented by speakers from Edmonton.

Mr. Thomson, organist in the Methodist church, here was made the recipient of a gold watch and chain recently, in recognition of his long service in connection with the church.

The Methodist church will hold anniversary services on November 13. Rev. H. A. St. John, of Edmonton, will preach.

BON ACCORD STANDS
BY OLIVER

On Saturday night October 22, a meeting in the interests of Mr. Secord was held at the Bon Accord school house, which was crowded. Mr. Wm. Mason, J.P., acted as chairman in his usually fair way. Mr. Secord was not present, but Mr. Wright and Mr. Griesbach spoke for him; while Messrs. Dawson and Biggar were there to look after the interests of Mr. Oliver. The program was arranged in a fair way, and all the speakers were accorded a fair hearing by the audience.

Mr. Wright spoke first, and about all the fault he had to find with the Government was that it had dismissed "a \$35 a year postmistress" down east because she had got married!

Mr. Dawson spoke of the importance of each elector voting for his own best interests, and showed that it was to the interest of every settler in the Edmonton district to support Mr. Oliver and the Liberal party, which guarantees the early construction of the Grand Trunk Pacific and the breaking of Canadian Pacific Railway monopoly.

Mr. Griesbach, in speaking for Mr. Secord, mentioned the railway question, but failed to prove that the Conservative party or Mr. Secord were pledged to build a railway anytime in the next century.

Mr. Biggar discussed the railway question, and proved that the Conservatives, as a party, were not pledged to Government ownership, nor to the construction of any railway in the West in the near future. Mr. Griesbach closed the meeting, and rambled over the railway question again with no better results than before.

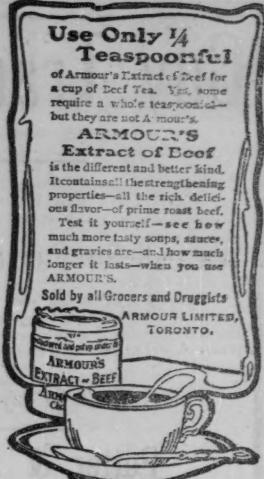

Mr. Biggar, upon being asked to tell what Mr. Oliver had done, replied that one thing among many that he had done for the Edmonton district was, that when Mr. Oliver went to Ottawa, the Edmonton district was little known; but he had talked in parliament, and had kept on talking till now—Edmonton was one of the best known places in Canada, and that it would soon be one of the greatest railway centres in the West.

Mr. Griesbach, upon being asked what Mr. Secord had done, replied, "Mr. Secord is not on trial. He has only been a member of an inferior house at Regina for about two years."

Upon being asked to read one of Mr. Secord's speeches at Regina, Mr. Griesbach was saved a reply by the chairman saying, "It is admitted that Mr. Secord is no speaker."

A vote of thanks was tendered to the speakers in both sides, also the choir and the singing closed by the singing of the national anthem.

The electors at Bon Accord will surely vote for Mr. Secord's promotion to a superior house when he has done little or nothing in the time he has been in the "inferior" house for which they are beginning to doubt his fitness as their representative.

THE COUNCIL MEETING

WAS HELD LAST EVENING

City Debentures sold. Municipal banquet to be held on evening of November 7th.

There was a full quorum at the regular council meeting last evening. There was a long drawn out discussion on various matters but little business was transacted. The minutes of the last regular meeting were read and confirmed.

A. W. Dingman, manager of the North-west Gas and Oil Company, asked that the town grant the company electric lights at the scene of their boring operations. Mr. Dingman stated that the work of drilling would proceed night and day. The request was granted.

The question of auction sales of store goods being conducted in the city in the evenings caused a long discussion. Some of the councillors were of the opinion that this should be disallowed and that the license fee for this style of auctioning was much too small. It was also pointed out that the early closing by law should govern these cases. The secretary-treasurer was instructed to get the opinion of the solicitor on this point and to report at the next meeting of the council.

Chief Smart of the Calgary fire brigade wrote that he would forward information regarding the arrangement of the Calgary fire hall at an early date.

The question of the sale of motor power by the city was discussed at length. The purchase of 75 horsepower would justify the city in commencing an all day code. A committee consisting of A. W. Ormsby and P. McNaughton were appointed to prepare a schedule of rates for the sale of motor power and to report at the next meeting of the council. An advertisement will be put in the city papers announcing that the city will have power for sale on and after December 15th, night and day.

The secretary-treasurer was instructed to notify Engineer McNaughton that the municipal electric light power be turned on earlier in the evening than it has been customary owing to a large demand for earlier lighting by meter owners.

An electrically operated valve will be put in the water tower at once.

Mr. Clinton, of Clinton, Smith and Company, real estate agents stated that he had dissolved partnership with Mr. Smith and intended entering into partnership with another licensed real estate agent in Edmonton. He asked that one of the licenses be refunded. His request was referred to the solicitor.

Dr. Ferris asked for street lighting on Fifth street. He was informed that a street light had been placed during the day, on Fifth street, and that next spring a complete system of street lighting would have to be adopted.

The city engineer reported on the matter raised by Mr. Gilmer's request to have the frame lean-to at the rear of the Bon-Ton removed. The report was adopted, and the secretary was instructed to inform Mr. Gilmer that the lean-to did not conflict with the provisions of the fire by-law, and hence its removal could not be ordered.

Two tenders for the moving of the buildings on the new extension of Jasper avenue east were discussed. The tenders were thought to be too high, and a committee consisting of councillors Fraser, May and Cushing were appointed to interview the tenderers, to see if more satisfactory arrangements could be arrived at. The question of the city itself doing the work was discussed.

The payment of \$60 to Mrs. Hett for four foot frontage of land on Jasper avenue, as part of a twelve foot lane leading past the Queen's Hotel to the lane along the river bank at the rear of the Post Office and adjoining blocks, was ordered to be made. Any buildings on this lane will be allowed to remain temporarily, provided that the owners furnish a right of way over the property elsewhere.

The city banquet to be held on the evening of November 7 was discussed.

The offer of the Dominion Securities Company for \$150,000 of city debentures at 4-3-4 was accepted.

The council then met in committee of the whole and afterwards adjourned until Thursday evening.

Vote for Oliver

and the Railway.

Break the C. P. R. monopoly.

Introduce competition into the West.

Endorse the demands you have made for years for more railways.

Realize the expectations which have led thousands of exiled Canadians to return, bringing with them thousands of other new settlers.

Make Edmonton a divisional point on the main line of the transcontinental railway.

Free your children from the octopus which has reaped the reward of your labors.

The Government builds half the road; the company half and the Government controls the whole road.

The choice to-day is between the G. T. P. and no railway. Mr. Borden has never placed a definite or tangible counter-proposal of any kind before the public. He stands to-day unpledged by any resolution or motion binding him to build a mile of new railway in the West or East under government ownership or otherwise.

SADDLE LAKE

Saddle Lake, October 25.—On Saturday night, the 22nd, Constable Chandler made a raid on some Indians who have lately been in the habit of celebrating their birthdays, with the result that three of them were up before J. W. Carroll and G. G. Mann, Justices of the Peace, this morning. Two of them, David Large and Mr. Alexis, were fined \$25 and costs or one month at the F. R. for having intoxicating liquor in their possession on the reserve and giving it to other Indians. The other Alexis was fined ten dollars for being drunk. All paid their fines.

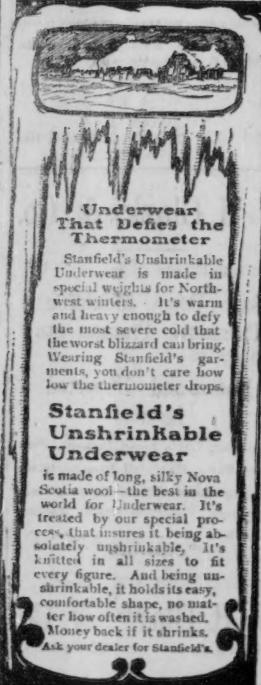

Winnipeg Markets

The Commercial, October 22.

GATS—There is a good demand for all offerings. Best grades seem to be scarce, but as buyers are of the opinion that they will be more plentiful they are not offering over 32½ per bushel for No. 2 oats to day and 20 less for No. 3. Feed grades are worth about 30c. These prices are all for car lots on track here.

BARLEY—No. 3 barley is worth 37c per bushel; No. 4, 35c, and feed grade 34c on track, Winnipeg.

WHEAT—Receipts here are falling off a little and the grading is none too good. We think there will be a good demand for milling wheat and already Americans have bought wheat for shipment to Duluth, paying a duty of 25c per bushel. Should this rate of duty be lowered there would be a sharp bulge in our wheat. If you will compare this week's fluctuation chart with those issued about two months ago when wheat was advancing so rapidly, you will see that the action of the market now is very similar to that time. This indicates a very healthy market and one in which prices will respond to bullish news much quicker than to anything which would tend to put prices down. Yesterday our market was very dull at the opening in sympathy with Minneapolis and Chicago, but ran up sharply when oats do market began to advance. Most of the trading now done in December wheat and the fluctuation chart will be based on quotations for this delivery. The wheat closed yesterday at 95c, but on the curb there were plenty of buyers at 96c, and practically no wheat came out. Our wheat certainly looks cheap and will probably sell higher within a short time.

Ready for Use in Any Quantity.
For making SOAP, softening water, removing old paint, disinfecting sinks, closets and drains and for many other purposes. A can equals 20 pounds 3d. Soda.

SOLD EVERYWHERE.

MR. SCORD OR HIS REPRESENTATIVE IS INVITED TO BE PRESENT AND ADDRESS THE MEETINGS

FEELING IS HIGH

CZAR WRITES KING EDWARD

States that apologies and reparation will be forthcoming regarding the serious blunder of the Baltic Fleet in Bombarding the British Fishing Boats.

London, October 25.—The report of Thomas Car, "Admiral" of the North Sea fishing fleet, dated "the North Sea, Oct. 22nd," was received to-night as follows: "We were fishing in latitude 55° 19' north and longitude 5° east the night of October 21st. At 11:30 p.m. a large fleet of men-of-war sprang up on our lee bow. The wind being about south south-east, one passed by our lee side, the remainder consisting of four battleships steamed just across our head, throwing searchlights over our vessel. As soon as they got to windward they began firing on us, their projectiles flying all around and across our decks for a whole quarter of an hour, some of the shots passing under our mainsails so unpleasantly near the men who were gutting fish in the pound that they cleared out down below. Shot passed right between them. I very much regret to say that others in the fleet were not so fortunate as us in escaping hurt. The Crane was sunk, her skipper and third hand were killed and all the rest of the crew were wounded with the exception of the cook. The skipper on the Gull, who being hailed by the Crane saying "we are sinking," hove up his gear, got out a boat and went to the rescue of the unfortunate survivors.

The Moultmein, Mino and Snipe all had shots pass through them, the former vessels being obliged to make sail homeward. I think two or three vessels did not board us in the morning, but that may be because the weather caused them to miss the fleet. I do not know whether they took us for Japanese or whether they were practicing to get their hands in. There must be a mistake somewhere. They ought so have known we were only inoffensive fishermen." Signed, "Thomas Car, Admiral."

London, October 26.—The inevitable delays of diplomatic procedure appear to retard a complete and satisfactory settlement of the acute differences between Great Britain and Russia arising from the deplorable North Sea affair. King Edward has received from Emperor Nicholas himself a cablegram expressing the deepest regret and practical acknowledgement that England's note will meet with a reply concerning every demand for apology for the act of aggression against the British flag, compensation for sufferers and the punishment of the offenders responsible for what is everywhere considered to have been a blunder, and the Russian ambassador to the Court of St. James has expressed to foreign minister Lansdowne his sympathy.

On receipt on October 24th of the news of the North Sea tragedy preliminary orders for mutual support and co-operation were issued as a measure of protection from Admiral Ty to the Channel, Mediterranean and Home fleets.

London, October 25.—The trawler ship arrived at Hull to-day with two of the wounded fishermen of the sunken trawler "Gull."

NO FIGHTING.

St. Petersburg, October 25.—Gen. Sakharov to-day telegraphed that there was no fighting last night.

PERTINENT QUESTIONS FOR MR. R. SECORD.

Editor Bulletin—

Will you kindly publish the following list of questions, addressed to Mr. R. Secord by an independent elector. If Mr. Secord can answer them satisfactorily he will have won at least one vote; but if not, or if no answer is given, I will assume that he cannot answer them, and that the promises of himself and the Conservative party are insincere.

Have you the personal authority of Mr. Borden or any of the leaders of the Conservative party to promise the electors of Edmonton a government owned and operated railway to Edmonton in four years? If you answer yes to this, will you tell us how you propose to do it? With the aid of the G. T. P. surveys and route, against which they have fulminated so much? Or, if not, do you think, as a reasonable man, that they can get the support of parliament to enact the necessary legislation and get this legislation past the Liberal majority in the senate; map out a new route, make the surveys, and complete the line in four years?

It is a fact that Mr. Blair is opposed to the G. T. P., but is it not also on record that he is doubly op-

posed to Mr. Borden's scheme or schemes?

Is the C. P. R. using all its influence to elect Conservative members, knowing that they will build a government owned competing line as soon as elected? Does that look like straight goods?

Have you any assurance from Mr. Borden or Mr. Haultain that provincial autonomy will be granted on terms which would be satisfactory to the people of the Territories?

Is it not on record that Mr. Borden stated in parliament that he had not thought of terms, and that terms were not settled, and that it was also on record that leading members of the Conservative party

had stated that the terms proposed by Mr. Haultain were impossible terms?

Give us your authority for stating on the public platform that Edmonton would be the capital of the new province?

You stated on the public platform that you would accomplish more in four years than Mr. Oliver had in eight of record. Will you go further and tell us how you propose to do this in the face of Mr. Haultain's statement that a man who does not talk is no good?

Awaiting your reply.

Musical Education

Excellent training in Music can be obtained in Alberta College, Edmonton. The College has a full staff of specially qualified teachers in the different departments of music associated with Mr. Percy S. Hook, musical director and instructor in piano and theory, are—Miss Beatrice Crawford teacher in piano, Miss Ethel Webster teacher of voice culture and singing, and Miss Edith Webster teacher of violin. Also there is a department of elocution and physical culture under the direction of Miss E. A. Bellamy, diplomate Monforton College, Toronto. There will be lectures, recitals, social meetings, etc., from which students will derive great benefit.

The business department is in full operation, day and night classes, diplomas awarded in stenography and book-keeping.

The new building is on First Street. Business and music open now. Arts and Academics October 1st. Intending students should register as soon as possible. For fees and particulars apply to the

MUSICAL DIRECTOR, PERCY S. HOOK
OR PRINCIPAL J. H. RIDDELL, B.A., B.D.
EDMONTON.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made upon the district in which the land to be taken in situ, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Agriculture, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, estimate 30 acres of his homestead, and have besides 60 acres substantially cleared.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Rocky Mountains, British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART.

Deputy Minister of the Interior. N.B.—In addition to the Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

THREE YEARS OLD

WHEN the tobacco I have personally selected in Cuba is delivered at my factory, I begin a special treatment to still further cure it—develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharaoh a smooth, palatable smoke—one with a delicate incense-like flavor and very even combustion.

The binder and wrapper are the Connecticut Broadleaf and the imported Sumatra respectively—both tobaccos that delight the epicure.

THE LIBERAL RECORD

FOR THE PAST EIGHT YEARS

Commerce Increased, Tariff Adjusted and Immigration Fostered. Canada's Credit Good.

Bulletin Special Despatch. Ottawa, October 26.—The Westminster Gazette, London, England, commenting on the record of the Canadian Liberal party for eight years, says that under Laurier's regime the total commerce of Canada has increased; that the tariff has been reformed to help all classes, including agriculturists and consuming classes. It says that immigration has been steadfastly and wisely fostered, and by the new refrigerator scheme, the farmer would be enabled to dispose of his produce in other countries in good condition, and consequently for a better price. The credit of Canada never stood higher than it now does.

NEW STEEL PLANT FOR CANADA

Bulletin Special Despatch. Ottawa, October 26.—A report is published here that the United States Steel Corporation is seriously considering the advisability of establishing branch works in Canada, the damping clause in the customs act being said to be making this necessary.

COMMANDER IN-CHIEF

Bulletin Special Despatch. St. Petersburg, October 25.—An imperial ukase dated October 23 appoints General Kuropatkin commander-in-chief of the Russian army.

STEAMER STRANDED

Bulletin Special Despatch. Nasau, N. P.—The Atlantic transport line steamer Massachusetts from Cardiff to New Orleans, was stranded off Abaco, Bahamas Islands, on October 16. She is getting away.

POLITICAL MEETINGS

A meeting in the interests of Mr. Secord was called for Monday afternoon at Ray. Five persons were present and J. C. F. Bown decided to postpone the meeting. W. Gariepy and Dr. Clendenan were on hand to speak on Mr. Oliver's behalf.

A meeting in the interests of Mr. Secord was held on Monday evening in Riviere Qui Barre school house. There was a good attendance. Dr. Stelle, O. Bishopric, L. Dubuc, and L. J. A. Lambert spoke for Mr. Secord, and Dr. Clendenan and Wilfrid Gariepy on behalf of Mr. Oliver. Mr. Dubuc, while speaking in French, referred to Mr. Oliver as "an enemy of our race and religion." Mr. Lambert spoke merely of personal matters which have no bearing on this contest. Messrs. Gariepy and Clendenan ably put before the meeting the present Government's railway policy. Their remarks were received with applause. The meeting was brought to a close by three cheers for Mr. Oliver and Sir Wilfrid Laurier.

A meeting in Mr. Secord's interests was held in Clover Bar school house last evening. There were upwards of forty persons. Mrs. McClellan and Wright spoke for Mr. Secord, and Messrs. McClellan and Howey for Mr. Oliver. The audience were very pronounced Oliver.

LOCAL

Steam engineers meet to-night.

Extensive preparations are being made for the municipal banquet to be given on the evening of November 7, the day on which Edmonton attains the dignity of a city.

F. W. G. Maultain will address a public meeting on behalf of Mr. Secord, at the Thistle Rink this evening. Mr. Oliver will be present and will speak on his own behalf.

A meeting of the Old Timers' Association will be held in Hours' Hall on Saturday evening at eight o'clock to arrange to take part in the demonstration on November 7.

A Russian priest from Winnipeg, accompanied by N. D. Beck, J. W. Sherrill and Mr. Krebs, held a meeting in the interests of R. Secord in Limestone Lake school house last evening.

Football teams, representing Alberta College and the Edmonton High School met in friendly contest yesterday afternoon on the Hudson's Bay grounds. The High School were victorious after a very close game by a score of 1 to 0.

Geo. Schorl and Wm. Achenbach, of Gladbrook, Ill., returned yesterday from a trip of inspection to the Vermillion. Mr. Schorl is extensively interested in Northern Alberta lands while Mr. Achenbach is a wealthy German farmer who is visiting Northern Alberta as a delegate for a number of German families who are desirous of coming to Northern Alberta. They were greatly pleased with their trip to the Vermillion.
